(54) ELECTRONIC PROGRAM GUIDE AND PROGRAM GUIDE METHOD TO BE EXECUTED ON COMPUTATION PLATFORM

(57)Abstract:

PROBLEM TO BE SOLVED: To facilitate the viewing of specified program according to the request of a viewer or any other input information.

SOLUTION: An electronic program guide 70 is operated on a computation platform linked with a television. The platform accesses a program list data base including program list information 6 corresponding to plural television programs, and an electronic program guide is provided with a profile data base 80 storing viewer profiles 84 and a suggest module 76 stored in this profile data base 80. The suggest module 76 accesses the viewer profiles 84 and the program list information 6, responds to this information and generates a desirable schedule according to the viewer profiles 84 and the program list information 6.
